Dear Dhivyarackshana,

It is my pleasure to recognize and congratulate you on your exceptional academic achievements in the Spring/Summer 2025 semester. As you achieved a 3.50 semester GPA with at least 80 percent of a full course load, you will receive the Dean's Honours List designation on your transcript, which is a permanent record of your achievement, for the applicable semester. Congratulations!

Your dedication, commitment, and hard work are evident and inspirational to all of us in the faculty, as well as to your peers and the greater university community. You should be very proud of meeting this high standard of academic performance.

Although this prestigious designation holds no monetary value, you may still be eligible as a current student for an award, bursary and/or scholarship. Learn more at ontariotechu.ca/safa.

On behalf of myself and the faculty, congratulations on your accomplishments thus far and we wish you all the best!

Sincerely,

Carolyn McGregor, AM, PhD
Dean of Business and Information Technology
Ontario Tech University
